

Fantastic 4 Enrichment Descriptions

3-6th Grade

7 Wonders of the World	Explore the amazing works of art and architecture known as the Seven Wonders of the Ancient World. Research, writing, and so much more!
Fun with Forensics	Solve mysteries using fingerprints and DNA.
Design Studio	Students use their imaginations to design and then create a variety of engaging projects.
Cooperation Station	Fantastic 4 students collaborate and cooperate in groups to complete fun hands-on activities.
Lines and Designs	Come join us as we explore the building blocks for making art! You will learn how lines, color, and shapes can make new and interesting pieces of art. We will make cool pictures, create a moving sculpture, and learn about famous artists.
What's in a Name	Use letters to make art! You will learn differences between 2D or 3D design and discover artists and their art you just might not have seen before. Come join us as we use common shapes to make new designs using your name!
Bringing Out the Superhero in You	Do you have what it takes to be a Superhero? Explore what it takes to be a Superhero and complete weekly activities and crafts.
Farm Buddies	Let's explore Hokit farm with our younger buddies from our TK-2 Crew.
CSI	Super sleuths will solve mysteries using forensic science.
The "Write" Stuff	Improve your writing skills while having fun with Mrs. Stewart.
Cooking Class	We will be preparing a variety of delicious dishes while learning culinary skills
PE and Games	Let's play some games with our VOCS friends.
Test Prep/Typing	Don't stress the test! We will help get you ready for state testing.
Gold Rush	Students will travel back in time to the California Gold Rush
The History Behind Superheroes	Come and learn the history behind some of our favorite superheroes. Join us as we play fun and interactive games/ activities relating to the
Math Mania	Hone your math skills while having fun with Mrs. Stewart.
