Ag Mechanics	The course will introduce them to Sheetmetal, where they will lay out a project design, measure, cut, and bend the Sheetmetal. When completed, each student will have a project they can bring home. Safety shall be stressed at all times. Students must have passed safety certification to take this class (limit 13 students). If not safety certified, students must attend the class on 1/18/24 from 9:00 am - 12:00 pm. No exceptions!!
Woodshop	This woodworking class is open to certified students of all skill levels (beginner, advanced, and proficient) Each student will construct a wood project according to his/her ability. Projects will be chosen from either the Valley Oaks Project Catalog or from a design created by the student with the instructor's approval. Safety shall be stressed at all times. Each week a new woodworking skill will be introduced to the class. Students must have passed safety certification to take this class (limit 25 students). If not safety certified, students must attend the class on 1/18/24 from 9:00 am - 12:00 pm. No exceptions!!
Constitution (8TH GRADE ONLY)	"Everything an 8th grader ever wanted to know about our country's Constitution, but was afraid to ask," will be the content of this enrichment course. This class will help the 8th graders satisfy the Constitution requirements for graduation. *This class will run for both sessions 3 & 4.
Photography	Students will learn basic photography skills and techniques. They will use the camera app on their phones to complete photography assignments.
PE and Games	Let's play some games! Please wear athletic shoes and bring a bottle of water.
