1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Now in its third year, our music program continues to be a valuable addition to our school community, showing tremendous growth and progress. Students have had opportunities to perform at a variety of events, including county board meetings, professional hockey games, ribbon-cutting ceremonies, and school performances. These performances have showcased not only student growth, but also the positive impact of the program on our school culture and sense of community. Building on this momentum, the program expanded this year by adding two new classes—Generation Pound Fitness and Ukulele—to the seven classes already offered. This investment has provided students with access to a variety of musical experiences while promoting creativity, discipline, and collaboration. A total of 319 students participated in the following music classes and ensembles: Piano (9 classes) Full Band Small Band Ensemble Instrument Sectionals (6 classes) Tiny Trebles Choir (2 classes) Glee Choir (3 sessions) Classroom Music Enrichment (4 sessions) Generation Pound Fitness Ukele
